

7th INEBRIA Conference
Brief interventions on alcohol
Advances in research and practice
9th – 10th September 2010
Gothenburg, Sweden

International Network on
Brief Interventions for
Alcohol Problems.

Parallel Symposium 2^a

Presentation of the forthcoming ODHIN project.
A study on how to translate new evidence-based
clinical practices into health service provision

Chair: Antoni Gual

Speakers: Fredrik Spak, Preben Bendtsen, Pierluigi
Struzzo, Lidia Segura, Joan Colom, Miranda Laurant

SEVENTH FRAMEWORK PROGRAMME

**THEME [HEALTH.2010.3.1-1]
[Better understanding of dissemination and
implementation strategies. FP7-HEALTH-2010-two-stage]**

Grant agreement for: Collaborative project

Annex I - "Description of Work"
--

Project acronym: ODHIN

Project full title: " Optimizing delivery of health care interventions "

Grant agreement no: 259268

Date of preparation of Annex I (latest version): 2010-06-15

Date of last change: 2010-06-15

Date of approval of Annex I by Commission:

Main aims

- ODHIN will use the implementation of identification and brief intervention programmes for hazardous and harmful alcohol consumption in primary health care as a case study.
- ODHIN is a Europe wide project involving research institutions from nine European countries that will help to optimize the delivery of health care interventions by understanding how better to translate the results of clinical research into every day practice.

Aims & methods

- Objective: To provide an overview of the project to the audience.
- Methods: Four presentations of 10 minutes plus group discussion.
- Results: To obtain feed back from the audience in order to improve Odhin's design.
